There’s clean and then there’s Electrolux clean

Turn On Your Washer
Press the **power** button.

Select Your Wash Cycle
Once you select your wash cycle, you can accept the default settings or customize the **temp**, **soil**, and **spin** settings.
TIP: Press the **options** button to scroll through additional options. Press the **select** button to confirm each setting.

Forget Something? Pause or Stop the Cycle
To add a garment, press the **start/pause** button to pause the cycle. Press the **start/pause** button a second time to restart the wash.
TIP: Press the **cancel** button to stop the cycle.

See Use & Care Guide and Installation Instructions for additional information.

Register your washer today and become part of the Live.Love.Lux community.
Register your appliance at electrolux.com to easily access your warranty and other product information online, receive updates and helpful tips, and take advantage of exclusive deals. You will need:

- Your receipt showing purchase date and location.
- Your model and serial number (located on the sticker inside your washer door).
1. **heavy duty**
   - Use for heavily soiled, durable garments - ex. towels, sports gear, or fabric tote bags.

2. **whitest whites (on select models)**
   - Use for white fabrics and lightly colored clothing.

3. **normal**
   - Use for light to normally soiled cottons, linens, towels, shirts, jeans, and mixed loads.

4. **activewear (on select models)**
   - Use for lightweight, synthetic athletic apparel.

5. **colors (on select models)**
   - Use for lightly soiled dark or highly dyed fabrics which may be susceptible to dye loss.

6. **fast wash - 15, 18 or 20 minutes**
   - Use for quickly washing small, lightly soiled loads.

7. **dеликаты**
   - Use for lightly soiled knits and delicates which require gentle washing.

8. **rinse & spin**
   - Use for loads that need a cold water rinse or to add fabric softener that may have been omitted in a regular cycle. Add the fabric softener, and then select the spin speed appropriate for the load.

9. **PODS® (on select models)**
   - Press the PODS® button when using detergent packs in the PODS® compartment of the dispenser.

10. **solid soil (on select models)**
    - The solid soil option provides a deeper clean to remove solid particles on your clothes such as mud or clay.

To register, visit electrolux.com, electrolux.ca, or use photo registration. Look for the [ ] on your registration card.
